September 1998

Dear IAW e-mail members.

This e-mail is being sent to all IAW-members who attended the IAW International Board Meeting in Malmö and gave us their e-mail address or fax. There are two reasons for sending this:

In the first place we would like to test the e-mail addresses we found in the Questionnaire of the workshop 'IAW on Internet', and also the addresses we collected afterwards. If I have made a mistake in writing down an address, that e-mail will be sent back to me.

In the second place, we would like let you know that you can find, on the **Dutch** website of Vrouwenbelangen, ten pictures of the Internet workshop and of the reception in the beautiful Town Hall of Malmö. First try to search for the URL of the page with a report of the Conference. It is in English. The URL is:

<http://www.dds.nl/~vrbelang/internationaal/IAWconference.html>

NOTE - this address included a tilde ~

On the text of this page you can link on to: **Sweden** - Violence against Women; **France** - the UN Platform for Action from Beijing 1995 two years on; **Burkina Faso** - a summary of their report, including Madagascar, in French.

If you click on '**Photo's**' at the top of the page you will get the ten pictures but it will take some time before they pop up.

The same text of this e-mail is to be found in an attachment. Please try to open it.

It would be very useful to know if you can retrieve a Word for Windows 95 Document.

The IAW Editing Committee [EC] is setting up an e-mail address book of all known IAW members' addresses and will be sending this list when completed for your address book.

Other websites of interest are : **Australia - Women's Electoral Lobby**

UN WomenWatch <<http://www.un.org/womenwatch/daw/index.html>>

Meanwhile the EC is still busy planning and designing the IAW website. It is interesting work but it will take some time.

Greetings and best wishes to you all from the five of us
