

**Anje Wiersinga, European and international feminist**

Anje and Monique

After so many years of presence at the Council of Europe, ANJE WIERSINGA has decided to stop being physically present in Strasbourg.

I will have fond memories of all her actions and approaches to the Parliamentarians to defend women's rights, as well as her great knowledge of the structure and functioning of the Council of Europe.

Her work and commitment will nevertheless continue in the Netherlands for the greater good of all. And her audio-visual interventions during meetings by video conference will always be very effective in helping the debates to progress.

**WITH MY BEST WISHES,**

Monique Bouchet  
IAW team member
